

FOOD & CLIMATE ACTION

FOOD AND CLIMATE CAFES

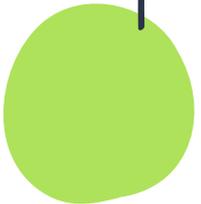

VISUALISING A POSITIVE FOOD FUTURE

COMMENTS

- X More community cohesion
- X Car-free spaces, children playing
- X Resilient communities
- X No more hunger, obesity
- X Bug burgers!
- X Bartering, no waste
- X Less stress
- X Food growing everywhere
- X Biodiversity
- X Revival of skills

LOCAL SOLUTIONS TO LOCAL PROBLEMS

- ✗ Garnethill: lack of greenspace, bring in nature by using rooftops, bee hives, vertical growing
- ✗ Community access to land
- ✗ Food education and skills. Schools teaching growing and cooking skills. Addressing the disconnection from nature.
- ✗ Local people involved in decision-making, Councils prioritising food, health and wellbeing in their decisions.
- ✗ Awareness of existing community infrastructure - how do we find out about it? Can community orgs get core funding for comms/marketing roles?
